Virginia International Auto Show Returns to Greater Richmond Convention Center
February 16-18, 2024

New-model Vehicles, EV Performance Test Track, Classics, Custom Cars, and More

WHAT:
The Virginia International Auto Show will take over the Greater Richmond Convention Center with the latest cars, trucks, crossovers, SUVs, electric vehicles, custom cars, and more. This is the place to check out the latest 2024-model vehicles in a non-selling environment. With so many choices now available, guests will have the opportunity to learn about hybrids, plug-in hybrids, EVs, and of course traditional gas engines, helping them choose what best suits their needs. Attendees are invited to sit behind wheels, inspect engines and experience new technologies. An indoor **EV performance track** will allow guests to go for a ride in an EV, to experience the quick acceleration and performance of all-electric vehicles. Celebrating America's car culture, the show will also feature tricked-out car club vehicles, classics, and custom cars.
